Dear Thesis Students:

In my opinion, you all have the potential to become significant artists. From the beginning of your experience at SVA you have each shown talent and originality. Your thesis year should be the culmination of all your hard work. As forth year students, you have already completed the most sophisticated program available to undergraduates on the East Coast. I am confident that each of you is now ready to produce work of professional quality and substance, which will become your voice and vision — your entrée into the profession.

The SVA Film, Video and Animation School Thesis Program is a unique experience, which can become the foundation of a very successful career. It represents your chance to complete one or more projects over the course of a year with all the support, guidance and resources that SVA can provide. The members of the Thesis Committee and the Thesis Advisors have spent literally hundreds of hours preparing a program that combines the best of their experience in all areas of film, video and animation. The Committee and the faculty serving as advisors are ready to back it up with our personal commitment and devotion to you during this crucial year of your education.

Remember, you will be dedicating a full year to your project. A large amount of your time, effort and financial resources will be put into this endeavor. We urge you to choose a subject that you are passionate about, that no one can do exactly as you would.

The School of Visual Arts will encourage and support any type of project you choose to undertake; narrative, non-narrative, experimental, etc. — as long as the work demonstrates commitment, an advanced level of content, craft, technique, and quality.

All of us have the highest expectations for you as individuals, and as a class. We look forward to working closely with you, and aim to help you realize the success you have already worked so hard to achieve.

Sincerely,

Reeves Lehmann
Chair
Department of Film Video Animation
